

# A Jewellery Box

The stock required for this project is for one Jewellery Box, if you are making more than one, simply increase the number of items you require by the number of people who will be participating.

## Items required for kit

- 1 x ½ dozen egg carton
- Jewels, stickers, paints etc to decorate to your liking

## You will need:

- Pencils, Textas, glitter, stickers etc, as per your preference to decorate
- Sticky tape or glue

## Instructions

- This is a simple project; simply let the kids decorate the egg carton to their liking. Your job is to ensure they have enough supplies to make something creative.

E.g. When we originally made this project we used it as an Easter Box, and stuck little pipe cleaner chickens on top, we left our daughters dummies inside for the Easter bunny to collect and in return she found it full of eggs!
