

Mothers Day Hearts

The stock required for this project is for one mother's day heart, if you are making more than one, simply increase the number of items you require by the number of people who will be participating.

Items required for kit

- 1 piece of A4 purple cardstock
- 1 Gold Ribbon
- A bag of Lavender

You will need:

- Glue
- Scissors
- Single hole punch (or equivalent)
- Pencils, Textas, glitter, stickers, pictures etc, as per your preference to decorate

Instructions

- Draw a heart on your piece of card stock and cut out
- Decorate the hearts on one side (you may want to help your child put a message on it or let them be artistic, your choice)
- Punch a hole in the middle of the top of the heart using the hole punch
- Put ribbon through the hole at the top of the heart and tie in a bow (this is used to hang the heart)
- Open packet of lavender and place on table mat or plate
- Spread glue out on the undecorated side of heart
- Press into lavender (allowing lavender to attach to the heart)
- Hang up in a safe place to dry. (note, it is most likely that you will purchase more lavender than you need, so if making more than one heart, don't feel obliged to buy more lavender, it goes a long way)

Now your heart is ready to give to either Mum for mother's day, or perhaps Grandma, either way they will be able to hang it in their room or closet for a lovely fragrance.
